

Washington Women's Foundation 2012 Diversity Partner Grant Committee

Launching in January!

The Diversity Partner Grant Committee will research, identify, and award a grant of \$10,000 to a nonprofit working on issues that affect the Latino Community. We will be working in partnership with the Latino Community Fund.

The Latino Community Fund (LCF) was founded in 2006 and improves the lives of Latino children, youth, and families by strengthening innovative programs in health, education, community and economic development. Their approach is to capitalize on the Latino community's best resource, its people, to identify, share and advocate for successful culturally relevant and linguistically appropriate organizations, programs and practices.

We look forward to working with and learning from Laura Flores Cantrell, the LCF Interim Executive Director, and the LCF board members as they guide us along this grant making path.
